

Mirror

BigKlit

Not sorry, God made me this way
I say that looking in the mirror

Do angels go to hell to play?
I say that looking in the mirror

As I wipe the fog away
I see the devil even clearer

I know what lives inside me
She's the devil in the mirror

I'm so fucked up
Life sucks
It's great
No fear
More hate
Kiss your face
Suck my face

I'm not your fucking girl
I'm not your fucking lover, no
I'm not your fucking mother, yeah

Won't say I'm sorry if I hurt you
Cuz I'm not
Give me tears
Let 'em drop
Don't care if you're here or not

Not sorry, God made me this way
I say that looking in the mirror

Do angels go to hell to play?
I say that looking in the mirror

As I wipe the fog away
I see the devil even clearer

I know what lives inside me
She's the devil in the mirror

I'm so fucked up
Life sucks
It's great
No fear
More hate
Kiss your face
Suck my face

I'm looking in the mirror going
I'm looking in the mirror going
