

Od

BigKlit

Lemme hear, lemme
Bitch, mmmm

And I've been thinking about you like crazy
Deep down, know you really hate me
And I've been on my money shit lately
Go pop, you can never pay me
And I've been getting to it like overseas
And I can't breathe with you under me
Call another round, bitch I'm going Od
Call another round, bitch I'm going Od

Up and down
Round and round
Love, it when you make them sounds
In and out
In and out
Stay inside
I'm coming out
Queen of hell
Hold my crown
Talk to me
I gotta look down (bitch)
This is not (not)
A motherfuckin' pound (go)
I choose these bitches wisely now
I wanna [?]
I'm in the future, she's in the now
Wanna go out, but she don't like crowds
Can't say what you want, bitch say it out loud

And I've been thinking about you like crazy
Deep down, know you really hate me
And I've been on my money shit lately
Go pop, you can never pay me
And I've been getting to it like overseas
And I can't breathe with you under me
Call another round, bitch I'm going Od
Call another round, bitch I'm going Od

Bitch, I'm going O
Bitch, I'm going going
Bitch, I'm going O
Bitch, I'm going Od
