

Pray 2 Die

BigKlit

I'm green
If I was blue I would die
I slime, smoke until the root on the five
Get high, higher than an eagle eye
When you the truth, you don't need to lie
You either sucking or you fucking
But baby I'ma let you decide
Cuckold him, let him watch me get fucked, til its bedtime
I show up when I want
Fuck a set time
I'm worth a hundred bill times ten times
I'm in a spaceship
You on a slave ship
Stuck in the matrix
Bitch you need to face it
We live to die, and we die to live
Bitch, it just is what it is
Moshed out, got puke on the Ritz
BigKlit call me king bitch

Mmmm

If I pray to god, I pray to die, fuck life
But I could never commute suicide, I'm too alive
I hate waking up to the same guys
So I ate a vyvanse just to get high
If I pray to god, I pray to die, fuck life
But I could never commute suicide, I'm too alive
I hate waking up to the same guys
So I ate a vyvanse just to get high
