Reality

BigKlit

I'ma take a shit a shit on your reality
I be boujee, throwing fits
Yeah, these niggas they can't handle me
Don't step up to the plate, nah you don't wanna battle me
I'ma take your bitch
I'ma make that bitch saddle me

Got that bitch a [?]
I'ma make her lose her sanity
She say she like niggas, but I see lesbianity
Yeah, I'm with the profanity
Fuck humanity
Kill em, burn em tragically
My grammacly correct
Reptilian effect
In a another galaxy
On a quest
Will you survive
Don't try
When you die, you don't get a retry

I'ma take a shit a shit on your reality
I be boujee, throwing fits
Yeah, these niggas they can't handle me
Don't step up to the plate, nah you don't wanna battle me
I'ma take your bitch
I'ma make that bitch saddle me

Will you survive
Don't try
When you die, you don't get a retry
