

Up & Down

BigKlit

Up

I go up

I go up

And I come down

I go up, and I come down

I go up, down, down

I go up, and I come down

I don't wanna come down

All these drugs, pass em' round

Yeah, it's goin' down, down

I go up, I go down

I go up, down, down

Hold up, hold up, hold up, hold up

What is this about?

Can you tell me why yo pussy taste just like In-N-Out?

(Um, excuse me?)

You can eat me out

Need to figure that shit out

I only eat her pussy if the bitch got her own clout

Got that white horse, ain't no pony

Copped that addy, it was phony

Think that shit was meth

Ay, sometimes it be like that, I guess

BigKlit, I'm a winner

With the psychos and the killers

I'm scanning the business dinners

I guess that bitch lost her feelings

(Ew)

I go up

I go up

I go up

And I come down

I go up, and I come down

I go up, down, down

I go up, and I come down

I don't wanna come down

All these drugs, pass em' round

Yeah, it's goin' down, down

I go up, I go down

I go up, down, down

I go up, and I come down

I go up, down, down

I go up, and I come down

I don't wanna come down

All these drugs, pass em' round

Yeah it's goin' down, down

I go up

I go down

I go up, down, down
