

Up

BigKlit

Bitch we going up, going up, going up
Bitch we going up, going up, going up
Bitch we going up, going up, going up
Where da fuckin sluts?
Bitch we going up, going up, going up
Now we stuck up

My bitch so evil, she demented
But the way she moves that pussy is so tempting
I wish I can clone myself and fuck me
Cause all you little bitches are so dusty (Ew)
Sky raising in the sky, I'm the God now
I can't even pick up any calls now
It's the big lead batter up
I got hit after hit bitch was up
I'm a Pisces with a bitch rising
Going up, off side of my scene
Says she going pop out, you be hiding
Said you don't like me, why you lying?
We don't die bitch, we be multiplying
Going up no string attached no tying

That bitch is so evil she demonic
The way she moves that pussy is so tempting

Bitch we going up, going up, going up
Bitch we going up, going up, going up
Bitch we going up, going up, going up
Where da fuckin sluts?
Bitch we going up, going up, going up
Now we stuck up
