Cappin' with me she taste like delicacy
But I don't fall in love, I don't do intimacy
[?] sixteen
Mean it genuinely
Strike, bite, venomously
Yall' be cappin', yall be fibbing, pathologically
I keep a six, six, six
Yeah a hundred, one hundred
Three dozen mixed bitches on my line, boy they huntin'
Looking for me (hello)

All black heart like a panther
In the golden club getting tanner (yes)
Stupid bitches tried to ban her
But I keep moving up the ladder
All black heart like a panther
In the golden club getting tanner (yes)
Stupid bitches tried to ban her
But I keep moving up the ladder

Half reptilian, half Anunnaki
Outta this world, not a clone, no copy
Ice cold, real cold, brick, hockey
Nip slip, lick the tip, blood in the pit
How it taste, shoulda [?] before I fuck your face
Fuckface, fuck any race
The doom awaits
Strike, bite, venomously
Strike, bite, venomously

Tappin' with me she taste like delicacy
But I don't fall in love, I don't do intimacy
Tappin' with me she taste like delicacy
But I don't fall in love, I don't do intimacy
Strike, bite, venomously
Strike, bite, venomously
