When you talk to police and they post a paper, shit dangerous

'Cause niggas be cappin' rappin' like they dangerous

They know they ain't dangerous (Uh-uh), they know they ain't slangin'

They ain't met the plug, they don't know his name (Nope)

Them be the niggas that fuck up the game (For real, go)

If I had opps out waitin' in the rain (Ha)

He play with that business, they bury his brain

Cuz think he Omari, slide in the rain (Slide)

Gotta slide for the lifestyle, stand on that name

Outside when it's dark with the creatures, just hang

You from where I'm from, it's rappin' or slangin'

You trappin' or bangin', you active or ain't (For real)

This weapon got built, it look like it shoot paint (Frft)

You go get a soul, you come home, you get rank

They say I'm a murderer up in the bank, that's 'cause I got dead men in the  
safe (In the safe)

I'm a boss, then my head shooter tote a K

You ain't never seen a hood dude in a Wraith (Uh-uh)

Hold up, wait, I can show you that today (Right now)

Rewind, press, play (Right now), put that shit in they face (Right now)

If I pick up the phone, you'll call every day

I can't, 'cause I'm tryna ball every day (I'm sorry)

The bank, told 'em give me all blue papers

Come with the lifestyle, ain't met my neighbors

He speak on the family, removed from the table (Frft)

If it's love, then it's love, ain't no sensing you change (Yep)

If I had all tools, yeah, I'd fix everything

A hundred umbrellas'll stop all the rain

This shit get coldblooded (Coldblooded)

You runnin' up, down, change up on you all of a sudden (All of a sudden)

You ballin', you don't check the price, you ain't on a budget (Phew)

Stand on your ten like it's nothing (Phew)

'Posed to keep your mouth closed, no discussing

The soul in the blender, the heart in the furnace

If all of us fail, just keep it a hundred
