Aye, aye

Aye

Big X, Big Stepper

Cut off my bitch, she was being too extra  
The opps on my line screaming how they gon' stretch me  
But they stay in their place, 'cause this shit, it get hectic  
More bodies we drop at the bed of their dresser  
I be quick to throw hands, but we stay with them Wessons  
Glocks, canes, yeah, we with the extras  
Think I was 6 when they said I was pressure

Been chillin' and shit, but they know I'm a stepper  
600 block yeah you know I'm a repper  
They crossing that line, I been waiting to stretch em  
Send em to God if you play with my necklace  
Taliban gang and you know that we wreckin'  
We be getting the bricks by the L, like Tetris  
Big booty bitch giving head in a Lexus  
Ironic, I think that hoe name was Alexis  
Slamming them P's on the table like wrestlin'  
Yo hoe wanna fuck 'cause she like how I'm dressin'  
She say, "When I smile and I shine it's a blessin'"  
Bet she be on my dick when I ice out my necklace  
I hang with the killas, we straight out of texas  
8 in a sprite, got it looking like Pepsi  
Feds on my ass, tell them boys to come catch me  
These racks on my head, but I bet they won't test me

Call up my phone, like it's bills they collectin'  
BigXthaPlug only known for the steppin'  
Big nigga solid but I stay with a weapon  
I'm stiff than a bitch, beat a nigga like Tekken
