

Change Me

BigXthaPlug

(Bandpl-)

They tried to frame me
For the pictures I paint
It's a cryin' shame
But I, I won't let 'em, I won't let 'em change me
I'll remain
Forever (Forever), forever remain

Ayy (Let the band play)

They ain't think I would do it, but I did it
Really havin' this shit, really winnin'
Was times that I thought I'd forever be sinnin'
And spinnin', whatever to stand on the business
But God bless the gang, did it all for the city
All the shots they let off, but ain't hit me
All the shots we let off, they ain't mention was hittin'
Go ask why he's findin' them limp'in'
Never change, I'm the same, it's just in me
The only thing change is the paper, my vision
Can't forget 'bout the diamonds and chains on my pendant
Was starvin', but now we eat steak for a livin'
If we ever fell out, you was fake or a bitch
Niggas quick to switch sides, don't be standin' on shit
But yet, I'm the biggest, ain't change on my clique
Rep the six, disrespect and get put in that ditch
I came up off of rap and know prices for bricks
Million dollar convos, out to eat with my stick
Then got bowls in condos, lettin' loads go for six
Brand-new block with my lil' bro, shit came with a switch
And a list, how you niggas gon' die for that shit?
Let 'em make it for months, heard my Prada lil' bitch
When they ride, make his whole family cry for that shit
I'm the same, I ain't lettin' shit slide and I meant every word that I said,
I put this on the six
I'm the same nigga thuggin' from the cells to the bricks
Better ask about X, matter fact, come and see how this rap shit'll help, it
mean nothin' to me (Ayy)

I, I won't let 'em, I won't let 'em change me
I'll remain
Forever (Forever), forever remain
Forever

They say, "X went and changed," probably 'cause I got rich
I ain't hurtin' my kids, they ain't wantin' for shit
They say, "X went and changed," probably came from a bitch
Tried to hit, now I'm up and they all on my dick
They say, "X went and changed," probably came from a nigga I fucked with, but
t couldn't stand on ten with the gang
How come all of these folks get to say that X changed?
I'm the same and I'm standin' on ten by my name, ayy

I, I won't let 'em, I won't let 'em change me
I'll remain
Forever (Forever), forever remain
