(Let the BandPlay)

I just went bought a watch with a whole lot of diamonds to show these  
niggas it's my time  
Took a trip out to Cali' to hang with the Crips, make a play and get  
high off that zaza  
I say R.I.P. Kobe, if niggas so fly when I ball out, I'll fuck around  
, skydive  
So much chicken on me, could've went bought a Williams of Ruedy's, it  
's a big-ass pot pie  
And a whole different bracket, this life is emetic  
If you hit me for 'bows, then you know that I'm taxin'  
Keep buying clothes, that shit still in the packages  
If he say that he robbed me, he cappin' in it  
Really know niggas throw sevens like Kaepernick  
You not blind, then you see that we havin' it  
Known in my city, so no, I'm not average  
Came a long way from dope in the cabinet

Niggas know that I step (Uh-huh) in the game that I rep (Uh-huh)  
Went to Solomon, iced out the Texas piece  
Spent six-hundred on all of our necks (Uh-huh)  
Paid in full like Mitch (Mm-hmm)  
Really havin' this shit (Mm-hmm)  
Got off of that step, started rapping and six months later, I'm rich  
(Mm-hmm)

Nigga know I'm a stepper, I step with some elegance  
All these niggas I'm with is some fellas and strapped with a post, so  
I hope that you Heaven sent  
If they spin, make 'em wish that they never spinned  
Most of these niggas is hoes, they be telling it  
Man, I'm finna take over, I'm stamping it  
How you bang this? Hit that ceiling, ain't reppin' shit  
Left your dog in that rain and ain't help with it  
How is you solid? You ain't never dealt with it  
You see me, I come different, I'm blessed with it  
Went got the Rollie, it go with my necklace  
Thirty for both, you could die if you mess with it  
Can't do the show if it don't got a check with it  
These niggas po-po, I swear they irrelevant  
Hatin' like I don't know that's really jealousy  
Knowing they mad that they no longer next and

Niggas know that I step (Uh-huh) in the game that I rep (Uh-huh)  
Went to Solomon, iced out the Texas piece  
Spent six-hundred on all of our necks (Uh-huh)
