

# Wannabe

BigXthaPlug

(Turn me up a lil' more)

I'm what they wanna be  
These hatin'-ass niggas my sons, yeah, they under me  
Come from the block where them sharks and piranhas be  
Never been pussy, these niggas, they honor me, ayy  
The biggest, be quick when you talk to me  
All of these steppers around me gon' spark for me  
Lay in your grass thirty days in the dark for me  
Open your chest, take your lungs and your heart for me  
Ayy, BigX, it ain't never been barkin' me  
I'm known for steppin' and spinnin', it's part of me, ayy  
Bitch, I'm ballin' out, feel like Charles Barkley  
No, we not gang if you wasn't at that park with me  
Other words, you wasn't there at the start with me  
Strapped with them Glocks and them K's, so be smart for me  
'Cause you testin', I swear that's a third degree  
I had to get a note, say you gon' murder me

Where I'm from, you don't live to see thirty-three  
Shit, if they do, they got locked with some burglaries  
Bullets hit, ain't survivin' the surgery  
Me and my niggas masked up, we like purgin', see?  
ThaPlug, you can't say you ain't heard of me  
Really was servin' them fiends with some courtesy  
If I ran out, hit my pops, I keep 'mergency  
Close the spot, they lined up just like Burger King  
Open up, have it rollin' like tumbleweed  
I'm the boss, all of these niggas under me  
Got a spot on the team, but I run the lead  
This shit easy, it really ain't nothin' to me  
That boy cappin', he ain't never fronted me  
If he up, I might rob him for everything  
Bitch, I'm solid, ain't scared of no felonies  
I been trippin', been sippin' promethazine

I'm what they wanna be  
These hatin'-ass niggas my sons, yeah, they under me  
Come from the block where them sharks and piranhas be  
Never been pussy, these niggas, they honor me, ayy
