Crash course
In the thick of it
Gorgeous
You're so full of it
Love so struck
In your element
It's irrelevant
I'm not giving you none

Put your money where your mouth is, baby
It's kinda funny how you want this, oh-oh
It's obvious in how you're talking, dummy
Smooth as honey out of your lips

Ooh, cat got your tongue
And I'm hypnotic with it
Can't get with you want
And you're so mad about it
Oops, was that my fault?
I'm not sorry 'bout it
I'm not sorry 'bout it
I'm not sorry 'bout it

Crash course
In the thick of it
Gorgeous
You're so full of it
Love so struck
In your element
It's irrelevant
I'm not giving you none

Take a left turn
Then a right down the alley
There's a door step inside
To the back of the caddy
In a cherry red polka dot skirt, looking Cali
Baby, catch me if you can
Catch me, catch me if you can

La-la-la-la-la-la-la-la-la
La-la-la-la-la-la-la-la-la
La-la-la-la-la-la-la-la-la
Catch me if you can
Catch me, catch me if you can

Crash course
Crash course
Crash course, course, cour-cour-cour

Ooh, cat got your tongue
And I'm hypnotic with it
Can't get with you want
And you're so mad about it
Oops, was that my fault?
Well, I'm not sorry 'bout it (I'm not sorry)
I'm not sorry 'bout it (I'm not sorry)

I'm not sorry 'bout it
