

# Ghosting

Biig Piig

I get out of bed the same way  
A new day  
And old thoughts  
You know what I meant when I said  
I missed you  
This is our song  
Playing in my head like

Glitter and gold  
That's what we're made of  
Used to the cold  
Never known real love  
I could've sworn  
No one could see us  
And I don't mind because

I could be anyone  
Find a new city to get lost in  
Disappear when I want  
Tell them all, tell them all  
I'm ghosting

I could be anyone  
Find a new city to get lost in  
Disappear when I want  
Tell them all, tell them all  
I'm ghosting

Sí, recuerdo todo  
Tus besos por mi cara  
Tus manos por mi cuerpo  
El luz en tu mirada

Ahora no hablamos  
Pero en mis sueños pasas  
Ahí es donde vuelo  
Con ti crecí mis alas  
Ahora despertando  
Solita en mi cama  
No hablo a nadie  
Dejarme ser fantasma

I could be anyone  
Find a new city to get lost in  
Disappear when I want  
Tell them all, tell them all  
I'm ghosting

I could be anyone  
Find a new city to get lost in  
Disappear when I want  
Tell them all, tell them all  
I'm ghosting
