

Oh No

Biig Piig

Oh
Oh
Oh

Oh no, I did it again
I let my mind leak out into all my friends
And now I'm lonely
Sitting and sink in the blue
Oh no, I did it again
I let myself inside, till the silence ends
I hope you call me
Slipping and thinking of you
Slipping and thinking of you

'Cause I'm caving out
And I just sit back
While I watch me drown
So I'm safe and sound
While I'm in this room
No, it's nothing new

Ooooh
Aaah
Aaah
Aaah-aaah

Oh no, I did it again
I tell the world I'm fine, never near the edge
And now I'm falling
Too late to tell the truth
Oh no, I did it again
I heard them all too loud, voices in my head
And now I'm lonely
Someone to tell me they knew

'Cause I'm caving out
And I just sit back
While I watch me drown
So I'm safe and sound
While I'm in this room
No, it's nothing new

Ooooh
(Oh no)

'Cause I'm caving out
And I just sit back
While I watch me drown
(Oh no)
So I'm safe and sound
While I'm in this room
No, it's nothing new

Slipping and thinking of you
Slipping and thinking of you
Slipping and thinking of you
Slipping and thinking of you

Slipping and thinking of you
Slipping and thinking of you
Slipping and thinking of you
Slipping and thinking of you
