

# Only One

Biig Piig

Only one  
And I swear I mean it  
When I love someone  
I'm tied to you  
Don't let go  
'Cause I know you feel it  
And I don't know what I would do  
But I know I'm losing you

Only one  
And I swear I mean it  
When I love someone  
I'm tied to you  
Don't let go  
'Cause I know you feel it  
And I don't know what I would do  
But I know I'm losing you

I can be resentful  
And you always let it slide  
I know I'm a handful  
Sometimes  
Oh, I never meant for it to make you leave  
Honestly you might be the best part of me

I've changed my ways  
You're all I know  
You keep me sane  
Keep me afloat  
Don't erase everything that we've made  
Stay with it  
Boy you're the

Only one  
And I swear I mean it  
When I love someone  
I'm tied to you  
Don't let go  
'Cause I know you feel it  
And I don't know what I would do  
But I know I'm losing you

Only one  
And I swear I mean it  
When I love someone  
I'm tied to you  
Don't let go  
'Cause I know you feel it  
And I don't know what I would do  
But I know I'm losing you
