Biig Piig

(Baby)

It's so long when he's involved
Like I said it ain't his fault (baby)
You is what is birth taught
Never leave it unresolved
Say you chasing through the night
You're far safer by his side
I'm surprised you're still alive (to be honest though)
Know you loved him least he tried

No se donde ir
No se donde puedo
Sigo sonriendo
Andando por el fuego
Es gracias a ti
Ya no tengo miedo
Nunca de mis sueños
Ni de mi infierno

It's so long when he's involved
Like I said it ain't his fault (baby)
You what is birth taught
Never leave it unresolved
Say you chasing through the night
You're far safer by his side
I'm surprised you're still alive (to be honest though)
