

## You Don't Turn Me On

**Bile**

You don't turn me on anymore.  
As a matter of fact, you've become a bore.  
You say you know what is best for me.  
You can't even figure out what sets me free.  
Some ways about you don't always bug you.  
Some ways about you don't always bug you.  
One thing doesn't make it right.  
Blood will flow like wine tonight.  
One thing doesn't make it alright.  
How can we love when you're always right?  
Some ways about you don't always bug you.  
Some ways about you don't always bug you.  
Some ways about you don't always bug you.  
Some ways about you don't always bug you.  
Always comes back to 'cause you're in love with you.
