

# Fables

Bill Callahan

The fables  
Of the times  
Teaching me the fables of the times  
I never listened to the fables  
I don't think I missed much  
I don't think I missed much at all  
Living the fables of the times  
He's teaching me the fables of the times  
People believe the fables of the times  
Some people believe the fables  
It blows my mind
