Bill Callahan

If you believe and if you try  
You can do anything  
You can do 'em, miracles  
You can do 'em, miracles  
You can do 'em, you are human  
Only human, miracles  
Miracles

Well, you can do 'em, miracles  
Well, you can do 'em, miracles  
Well, you can do 'em, miracles  
Things than seem impossible  
You can do

I know a man, and he had a plan  
To manufacture custom-built cars  
He had no help, he was all by himself  
He had no money, no money to get started, but he did a  
A miracle, a miracle  
You might know him, he lives in Memphis  
He manufactures automobiles  
He manufactures miracles  
They called him spaceman, they called him spaceman

Oh no, let me tell you again now  
About miracles (miracles)  
Miracles, things that seem impossible

You can do 'em, have faith  
You can do 'em, you're human, human beings  
A miracle, a miracle  
You can do 'em, you are human, yeah  
A miracle, a miracle  
A miracle

You can do 'em  
You can do 'em
