

My Shell

Bill Callahan

When you crawl into my shell
Laughed at my jokes
They served you well
When you crawl out of my shell
Stole my jokes
They served you well
When you crawl into my shell
Laughed at my jokes
They served you well
When you crawl out of my shell
Stole my jokes
They served you well

Well should I take her back into my shell
When I think of what you did my shell ache
Stinking buzzard-hands
Oh, I left her for dead

Stole my jokes
They serves you well

You can't comeback into my shell
I don't want you back to my shell
