

## The Vision

Bill Miller

I heard a voice callin' out to me  
might've been a vision might've been a dream  
it said some things will come and some will go  
we're only here a moment don't you know

i don't claim to have all the answers  
and i've got my share of questions  
but if i don't follow blindly  
it doesn't mean i've lost my way  
i'm still on the journey  
headed down the road less traveled  
i guess we're all gonna get there  
in our own time and way

there's a bridge that leads to the other side  
you'll know you've crossed when you arrive  
everyone will have a tale to tell  
i'm gonna quench my thirst when i drink from that well
