

I Wanna Get Me a Gun

Bill Wyman

I'd like to have a good time
Drinkin' all night and blowin' my mind
I'd like to get me a gun
And scare the shit out of everyone

But that's so easy to do
And I wouldn't want to spoil anything with you
Cause you and me is havin' fun

I'd like to cruise around
And be the best dresser in my hometown
I'd like to walk the street
And knock every fancypants off his feet

But that's so easy to do
And I wouldn't want to spoil anything with you
Cause you and me is havin' fun

We got it on (we got a good thing baby)
We got it on (let's keep this good thing honey)
It took a long time but now we're on
(Keep on doing what you're doing, oh what you're doing)

I'd like to cause a strife
Drinkin' all night with the preacher's wife
I'd like to have me some fun
And never stop going till the day is done
But that's so easy to do
And I wouldn't want to spoil anything with you
Cause you and me is havin' fun

We got it on (we got a good thing baby)
We got it on (let's keep this good thing honey)
It took a long time but now we're on
(Keep on doing what you're doing, oh what you're doing)

We got it on (we got a good thing baby)
We got it on (let's keep this good thing honey)
It took a long time but now we're on
(Keep on doing what you're doing, oh what you're doing)

A salesman's life's a bore
Walkin' around from door to door
And workin' from eight till six
Tryin' to make it with the office chicks

But that's so easy to do
And I wouldn't want to spoil anything with you
Cause you and me is havin' fun

We got it on (we got a good thing baby)
We got it on (let's keep this good thing honey)
It took a long time but now we're on
(Keep on doing what you're doing, oh what you're doing)
We got it on (we got a good thing baby)
We got it on (let's keep this good thing honey)
It took a long time but now we're on

(Keep on doing what you're doing, oh what you're doing)

(We got a good thing baby)

(Let's keep this good thing honey)

(Keep on doing what you're doing, oh what you're doing)

(We got a good thing baby)

(Let's keep this good thing honey)

(Keep on doing what you're doing, oh what you're doing)

(Keep on doing what you're doing, oh what you're doing)

(We got a good thing baby)

(Let's keep this good thing honey)

(Keep on doing what you're doing, oh what you're doing)
