

# goodbye

Billie Eilish

Please, please  
Don't leave me be

It's not true  
Take me to the rooftop  
Told you not to worry  
What do you want from me?  
Don't ask questions  
Wait a minute  
Don't you know I'm no good for you?  
Baby, I don't feel so good  
And all the good girls go to Hell  
Bite my tongue, bide my time  
What is it about them?  
I'm the bad guy
