

# OverHeated

Billie Eilish

I don't really even know how it happened  
I started talkin', they started laughin'  
I don't really even know how it happened  
I started watchin' them photographin'  
I don't really (I don't really) how it happened  
Instead of stoppin', they still were flashin' (I don't really)  
I started walkin' (I don't really), gave no reaction  
(No reaction)

I'm overheated, can't be defeated  
Can't be deleted, can't un-relieve it  
I'm overheated, can't be defeated  
Can't be deleted, can't be repeated  
I'm overheated  
I'm overheated

I don't really wanna know why you went there (Why you went there)  
I kinda don't care (Kinda don't care)  
You wanna kill me (You wanna kill me)  
You wanna hurt me (Mmm)  
Stop bein' flirty (He-he-he)  
It's kinda workin'  
Did you really think this is the right thing to do?  
(Is it news? News to who?)  
That I really looked just like the rest of you

I'm overheated, can't be defeated  
Can't be deleted, can't un-relieve it  
I'm overheated, can't be defeated  
Can't be deleted, can't be repeated  
I'm overheated

And everybody said it was a let down  
I was only built like everybody else now  
But I didn't get a surgery to help out  
'Cause I'm not about to redesign myself now, am I?  
(Am I?) Am?  
All these other inanimate bitches  
It's none of my business  
But don't you get sick of  
Posin' for pictures with that plastic body?  
Man

I'm overheated, can't be defeated  
Can't be deleted, can't un-relieve it  
I'm overheated, can't be defeated  
Can't be deleted, can't be repeated  
I'm overheated  
I'm overheated
