

Lonesome Ocean

Billy Bragg

Out on that lonesome ocean
I'm searching for what's true
Out on that lonesome ocean
Everything is blue
I'm drifting with the tide
But there's a storm raging inside of me
What am I to do?
Out on that lonesome ocean
Searching for what's true

Out on that lonesome ocean
Steering by the stars
Out on that lonesome ocean
I may have gone too far
Have I left it much too late
To try to navigate
My way back home to you?
Out on that lonesome ocean
Searching for what's true
