

## Party For 2

Billy Crawford

Always thinkin of you  
I got a one track mind  
You're on it all the time  
I really gotta get with you girl  
There's a jam tonight  
You're the one who rocks my world  
I hope you show  
Cause then you'll know  
How far I'll go, baby won't you

Come on in, right this way  
Let's get our party goin  
Check the list at my door  
There's only one name on it  
I will play through the night  
I'll be your private DJ  
It's a party for 2

Always thinkin about you  
And my one track mind  
is always on rewind to  
back when I last saw you girl  
You said to me, baby you'd be free tonight  
I hope you show  
Cause then you'll know  
How far I'll go, baby won't you

Come on in, right this way  
Let's get our party goin  
Check the list at my door  
There's only one name on it  
I will play through the night  
I'll be your private DJ  
It's a party for 2

Come on in, right this way  
Let's get our party goin  
Check the list at my door  
There's only one name on it  
I will play through the night  
I'll be your private DJ  
It's a party for 2

You are the one I always wanted  
Just to spend some time alone with  
Come and be with me tonight  
I, I will wrap myself around you  
There is nothing that I won't do  
If you come with me tonight

Come on in, right this way  
There's a party  
It's a party for 2  
Come on in, right this way  
There's a party  
It's a party for 2

Come on in, right this way  
Let's get our party goin  
Check the list at my door  
There's only one name on it  
I will play through the night  
I'll be your private DJ  
It's a party for 2
