

# Wip

Billy Crawford

I got trouble sleepin'  
Demons that I'm keepin'  
It's like they moved the family in and ain't no sign of leave'n  
Voice keep repeat'n  
The secrets that I'm keep'n  
I swear I'm trying to live up to the man that I believe in

I got issues  
But I'm trying to get focused  
I got issues  
Sometimes I feel hopeless  
I just want you to know, baby

Girl, I hear your message  
Let you know, I got this  
I am just a work in progress  
Girl, I hear you loud and clear  
Let you know that I am here  
I am just a work in progress

Girl, I hear your message  
Let you know, I got this  
I am just a work in progress  
Girl, I hear you loud and clear  
Let you know that I am here  
I am just a work in progress

Ride or die forever  
You know you're my heart  
Hearing what you saying  
I just don't know where to start  
Inside it's like a battle, baby  
Pulling me apart  
You're the only light that illuminate the dark

I got issues, yeah  
Baby, I know it but I'm trying to get focused  
You'll see  
I got issues  
Sometimes, I feel hopeless  
But I swear, I'll be the man you need

Girl, I hear your message  
Let you know, I got this  
I am just a work in progress  
Girl, I hear you loud and clear  
Let you know that I am here  
I am just a work in progress

Girl, I hear your message  
Let you know, I got this  
I am just a work in progress  
Girl, I hear you loud and clear  
Let you know that I am here  
I am just a work in progress

I'm workin'

Working on a plan  
Doing what I can  
So go easy on your man

Said I'm workin'  
Working on a plan  
Doing what I can  
And I hope you understand

I'm hearin' your message  
Girl, you know I got this  
I'm hearin' you loud and clear  
I am just a work in progress

Girl, I hear your message  
Let you know, I got this  
I am just a work in progress  
Girl, I hear you loud and clear  
Let you know that I am here  
I am just a work in progress

Girl, I hear your message  
Let you know, I got this  
I am just a work in progress  
Girl, I hear you loud and clear  
Let you know that I am here  
I am just a work in progress
