

Distraction

Billy Currington

Well, I recollect, baby
That was so damn amazing
And you know it's true, hmm
But it just goes to show you
You can't feel that emotion
With someone new
Someone like you

We're running out of time now
So I'll just say what's real
Let's go back to the bedroom
Remind me how it feels

Yeah, baby
Leave me with distraction
You know that I want action
So take me back
To last night in L.A.
Yeah, baby
Lead me with distraction
I just said I want action
So take me back
To last night in L.A., yeah

Really nice to meet you
I know I'll probably never see you
But I'll take one more night
Oh, one more night

With my arms around your body
Lay back on the bed
Let's take it to the morning
Till we've got nothing left

Yeah, baby
Leave me with distraction
You know that I want action
So take me back
To last night in L.A.
Yeah, baby
Lead me with distraction
I just said I want action
So take me back
To last night in L.A., yeah

I know you want, I know you want
I know you want, I know you want it, baby
Just like I do, yeah
Just like I do, yeah

Baby
Leave me with distraction
You know that I want action
So take me back
To last night in L.A.
Yeah, baby
Lead me with distraction

I just said I want action
So take me back
To last night in L.A., yeah
