

# Nowhere Town

Billy Currington

We got really good, at  
Rollin' my old mans jeep, out  
With the head lights off, while  
He was still asleep, and  
We stayed out all night, 'cause  
We knew all the right roads, yeah  
We knew just where, the  
Cops didn't go

Yeah we had our hungry hearts beatin' like thunder  
We were kings of the summer on a double broken yellow line  
Knew what life was all about, had it all figured out like a mount and a dash  
board light

We were watchin' the world go 'round  
In a nowhere town  
Livin' in a nowhere town  
Map dot, camelot, lost and found  
In a nowhere town  
Livin' in a nowhere town

Starts gettin' late, and  
Your runnin' out of stars, so  
You and your girl, go  
Find a place to park, and  
She leans in close, for  
A knock-you-dead kiss,  
That's the kind of thing, that  
You won't forget.

Two hearts in a chevy, we were sure we were ready and we knew we were headin'  
' for paradise  
Too young to know, that the streets of gold only go to the county line

We were watchin' the world go 'round  
In a nowhere town  
Livin' in a nowhere town  
Map dot, camelot, lost and found  
In a nowhere town  
Livin' in a nowhere town

All you wanna do is have a drink on the bank of a river with your buddies, l  
ittle somethin' on a saturday night  
Yeah the way the world was spinnin', we were on and we were in it, we were l  
ovin' every minute, we were livin' right

Woah, yeah  
No-oh-where town  
Smack dab in the middle of a nowhere town  
Woah-oh  
Hey hey  
Nowhere town  
Hey  
Nowhere town  
Nowhere town  
Smack dab in the middle of a little bit of nowhere town

We were watchin' the world go 'round  
In a nowhere town  
Livin' in a nowhere town  
Map dot, camelot, lost and found  
In a nowhere town  
Livin' in a nowhere town
