

# I'm A Fool Too

**Billy Dean**

You say that love makes you act like a fool  
Makes you silly, makes you lose your cool  
If that's what it does to you  
I'm a fool too

You daydream like an innocent child  
Can't wait to do somethin' foolish and wild  
If that's what it does to you  
I'm a fool too

If you're a fool to give in so quickly  
To feelings as strong and true  
If you're a fool to surrender so easy  
To somethin' that's bigger than you  
Then I'm a fool too

You talk for hours on the telephone  
Don't want to spend another night alone  
If that's what it does to you  
I'm a fool too

You catch yourself just singin' along  
To all them old Barry Manilow songs  
If that's what it does to you  
I'm a fool too

If you're a fool to give in so quickly  
To feeling as strong and true  
If you're a fool to surrender so easy  
To something that's bigger than you  
I'm a fool too...
