I'm Falling For You

Billy Eckstine

I'm fallin' for you, I'll never be blue
What can I say and what can I do
Darlin' I'm fallin' for you

My friends all declare that it isn't fair
For you to say you really don't care
Darlin' I'm fallin' for you

Although I'm a fool dear
If there should come a time
There's only one thing that I'll ever ask
If the maker will make you mine

For you're tops in my world
My love is unfurled
No I'm not a clown, my love is just down
Darlin', I'm fallin' for you.

Darlin', I'm fallin' for you

Although I'm a fool dear
If there should come a time
There's only one thing that I'll ever ask
If the maker will make you mine

For you're tops in my world
My love is unfurled
No I'm not a clown, my love is just down
Darlin', I'm fallin' for you
