

# When Will You Say I Love You

Billy Fury

You smile at me, an angel sings  
You speak my name, and winter changes into spring  
But there's an emptiness  
That makes me feel so blue  
When will you say I love you, oh yeah

I tried so hard, to make you care  
This life of mine,  
Was meant for you alone to share  
I need you close to me, in everything I do  
When will you say I love you

Oh I never thought that this could ever happen to meee  
Three little words from you  
And you could end my misery

Oh say those words I'm longing for  
Then I know you'll be mine until forever more  
And all this world will be just like a dream come true  
When will you say, I love you  
I love you  
I love you
