

## Dream A Dream (Elysium)

Billy Gilman

When the night is still  
And the sea is calm  
Lonely shadow, you call upon me

Lay by my side  
Fear not tonight  
Lonely shadow, you'll find a new light

Dream a dream  
And see through angel's eyes  
A place where we can fly away

Ride with me upon a shining star,  
Above the moonlit sky  
We will find Elysium

Hear the nightingale  
Sing a lullaby  
Lonely shadow, you'll find a new light

Dawn will be kind,  
All will be bright,  
Lonely shadow, rise from the darkness

Dream a dream, [etc.]
