Cherie

Like the moon moves the tides You influence my mind Like the planets and the stars Keep the rhythm to your time Are you happy with him? Yes I let you go

Girl I love you Cherie I love you so Girl I love you I was a fool to let you go

Like the alchemist Who couldn't resist the devil's kiss Base metal into gold And the psychiatrist Who's battling deep within his own soul I was like them down the hole

Girl I love you Cherie I love you so Girl I love you I was a fool to let you go

All the memories of your life Like Venice in the spring New York City summers Paris, London winters' chill

Girl I love you Cherie I love you so Girl I love you I was a fool to let you go

I love you so Want you to know I love you so

As the apples fall, the leaves turn Make it too autumn's call But you still know your way Never be outdone at all And if I falter I see it in our child

Girl I love you Cherie I love you so Girl I love you No I won't let go

Girl I love you Cherie I love you so Girl I love you No I can't let go

Girl I need your sunshine to feel alright Girl I need your sunshine to feel alright
