

# Mother Dawn

Billy Idol

Hold me, hold me  
Breathe the light into me  
Hold me, hold me  
Mother dawn  
Mother dawn

Dancing 'round the fire  
Circling the flame  
Listen to the shadows calling out my name

They say  
Rock me like a baby  
Cradle me in the light  
Bathe me in a rainbow  
Sun restore my sight

Hold me, hold me  
Breathe the light into me  
Hold me, hold me  
Mother dawn (All night long yeah)

Hold me, hold me  
Breathe the light into me (All night long yeah)  
Hold me, hold me  
Mother dawn

Look into the light

Come and take a journey through the land of night  
Darkness strokes the face and  
Steals away the sight  
Night is all around me  
Stars are in my hair  
I feel them tangled in the secrets we'll  
find hidden there all right  
Reaching through the madness  
To the other side  
Where the sun is rising  
With her arms held wide

Hold me, hold me  
Breathe the light into me  
Hold me, hold me  
Mother dawn (All night long yeah)  
(Till the dawn light comes)

Hold me, hold me  
Breathe the light into me (All night long yeah)  
Hold me, hold me  
Mother dawn (All night long)  
(I know you're gonna love me)  
(I know you're gonna love me)

One star flew against the tapestry of the night  
And the earth revolved in perfect symmetry  
To a symphony of sun  
The moon danced its final bow

As the birth of day  
Exploded  
In my eyes

Reaching through the madness  
To the other side  
Where the sun is rising  
With her arms held wide

Rock me like a baby  
Cradle me in light  
You're gonna bathe me in a rainbow  
And the sun restore my sight

Hold me, hold me  
Breathe the light into me  
Hold me, hold me  
Mother dawn

Hold me, hold me (All night long yeah)  
Breathe the light into me  
(Till the dawn light comes yeah)  
Hold me, hold me (All night long yeah)  
Mother dawn (I know you're gonna love me yeah)  
I know you're  
Gonna love me  
All night long yeah  
Till the dawn light comes  
All night long yeah  
I know you're gonna love me love me  
All night long yeah  
Till the dawn light comes  
All night long yeah  
I know you're gonna love me love me  
Mother dawn
