

## Still Dancing

Billy Idol

Left my home  
For jet black gold  
Sold my soul  
In a fever, in a fever  
Changed my name  
A suicide game  
Machine guns on  
My t-shirt, my t-shirt  
It's been a long ride  
But the ride is all I know

I'm still dancing  
But now I ain't alone  
I got everything I need next to me  
Right here in my bones  
I'm still dancing  
But now I'm in control  
I got everything I need next to me  
From LA to Tokyo

Say yeah, yeah, yeah  
Say yeah, yeah, yeah  
Say yeah, yeah, yeah  
I'm still dancing

Plastic bag  
Full of clothes  
Turn to robes  
In the ether, in the ether  
I smashed hotels  
And hurt myself  
But I always stayed  
A believer, a believer  
It's been a long ride but...

I'm still dancing  
But now I ain't alone  
I got everything I need next to me  
Right here in my bones  
I'm still dancing  
But now I'm in control  
I got everything I need next to me  
From LA to Tokyo

Say yeah, yeah, yeah  
Say yeah, yeah, yeah  
Say yeah, yeah, yeah  
I'm still dancing

Skinheads stomp  
Right down the road  
Teddy Boys stood  
Clutching their combs  
Reggae blitz rock  
Deep to the core  
In Brixton  
Punks trying to riot

Up on the high street  
Causing a ruckus  
Who wants to fight me?  
Pogo slam  
No need to remind me

I'm still dancing  
But now I ain't alone  
I got everything I need next to me  
Right here in my bones

I'm still dancing  
But now I'm in control  
I got everything I need next to me  
From LA to Tokyo

Say yeah, yeah, yeah  
I'm still dancing
