

Dark Glasses

Billy Joe Royal

(Bah-oooh, wat-doo-wat)
(Bah-oooh, wat-doo-wat)
(Bah-oooh, wat-doo-wat)
(Bah-oooh, wat-doo-wat)

I wore dark glasses last night
Pretending everything was still alright
Well, I just had to hide
All the teardrops that I cried
I wore (I wore) dark glasses (dark glasses) last night
(I put on my shades)

The life of the party was I
Well, who would have thought I could ever cry?
Thought I was Daddy Cool
Deep inside I'm still your fool
I wore (I wore) dark glasses (dark glasses) last night
(I wore my horned rims)

Since the day you took your love away
All I do is stay sad and blue
But if I can, I'll take it like a man
But if I cry again this is what I'll do

I'll wear dark glasses night and day
And go on and face the world come what may

'Cause I got it made
If I never take off my shades
I wore (I wore) dark glasses (dark glasses) last night
(Double they looked so rosy)
Since the day you took your love away
All I do is stay sad and blue
But if I can, I'll take it like a man
But if I cry again this is what I'll do

I'll wear dark glasses night and day
And go on and face the world come what may
'Cause I got it made
If I never take off my shades
I wore (I wore) dark glasses (dark glasses) last night

Yeah, yeah, yeah
I wore (I wore) dark glasses (dark glasses) last night
Do you believe it?
I wore (I wore) dark glasses (dark glasses) last night
Whoa, ooh-oooh
I wore (I wore) dark glasses (dark glasses) last night
Yeah, yeah, yeah
