

# If I Had It to Do Again

Billy Joe Royal

If you could turn back  
Yesterday's pages  
And start all over  
Where would you begin?

Would you live your life  
The same my friend  
If you had it to do again?

Of all the things I wish  
Could be different  
There's one goodbye  
That never should have been  
And there's one love that I  
Wouldn't throw to the wind  
If you had it to do again

When you're looking from a distance  
And your lonely like me  
It's amazing how much clearer  
Things can be

Oh, I would bring her flowers  
Every morning  
And I say I love you  
Every now and then

Oh, and I wouldn't be  
The fool I've been  
If you had it to do again

When you're looking from a distance  
And your lonely like me  
It's amazing how much clearer  
Things can be

Don't know why I worry and wonder  
Yesterday is gone  
So why pretend?  
But would she forgive me?  
I can't help wondering  
If she had it to do again

If she had it to do over again  
If she had it to do over again
