

# Heart To Heart

Billy Joe Shaver

I got a rhythm  
God knows I got a rhythm  
I got the song in my heart  
I got a woman  
I know she really loves me  
We love each other right from the start

Heart to heart  
Since the time I first met her  
Heart to heart  
We always will be  
Heart to heart  
We fit right together  
Heart to heart  
My sweetheart and me

I got a future  
A future for the promise  
I got a saviour  
That lives inside of me  
Oh, and I got a love  
For my sisters and my brothers  
Heart to heart  
It's the way I'll always be

Heart to heart  
I'll always be here for you  
Heart to heart  
Like a good friend should be  
Heart to heart  
Through all kinds of weather  
Heart to heart  
Heart to heart, you and me
