

# It Just Ain't There For Me No More

Billy Joe Shaver

It just ain't there for me no more  
Not the way it was before  
It's like a wall without a door  
It just ain't there for me no more

You come to tell me heart to heart  
You think we shouldn't drift apart  
Darlin', that's a point of view  
I can no longer share with you

You see we parted long ago  
Before I had the sense to know  
The love I shared with you back then  
Would never be the same again

It just ain't there for me no more  
Not the way it was before  
It's like a wall without a door  
It just ain't there for me no more

I drove away through the snow  
The time had come for me to go  
There's no use whippin' a dead horse  
Our love had finally run its course

It just ain't there for me no more  
Not the way it was before  
It's like a wall without a door  
It just ain't there for me no more
