

Jesus Christ Is Still The King

Billy Joe Shaver

In this life of care and woe I have traveled many roads
I've had my share of misery and pain
When I found my life was lost, in my heart I carved a cross
And sealed it with a song I've lived to sing

Don't you worry 'bout a thing
Jesus Christ is still the King
He has brought you from the darkness to the light
Don't you fret now don't you doubt
You will never be without
Don't you worry Jesus Christ is still the same

Laugh and dance and jump and run, have yourself a world of fun
Jesus Christ has broke the chains and set you free
Be a light unto the world all you little boys and girls
Keep on smilin' Jesus Christ is still the King

Don't you worry 'bout a thing
Jesus Christ is still the King
He has brought you from the darkness to the light
Don't you fret now don't you doubt
You will never be without
Don't you worry Jesus Christ is still the King
