

## live for nothing.

Billy Lockett

I know I'm not making much sense tonight  
I shoulda warned you  
That my head's underwater  
My legs are shaking and my hands are tied  
But I still hear you  
I hate that I need you

I'm trying my best to move on  
But I can't work out why I'm addicted to waiting for you

I don't wanna live for nothing  
I don't wanna live for nothing  
Nothing but you  
I don't wanna live for nothing  
I don't wanna live for nothing  
Nothing but you

My legs are shaking and my hands are tied  
But I still hear you  
I hate that I need you

I'm trying my best to move on  
But I can't work out why I'm addicted to waiting for you

I don't wanna live for nothing  
I don't wanna live for nothing  
Nothing but you  
I don't wanna live for nothing  
I don't wanna live for nothing  
Nothing but you
