

Miss Missing You

Billy Lockett

If the Lord is keeping tabs on me
I hope He knows how good loving you can be
Did I rescue you or did you rescue me
Yeah we've been sailing so long in uncertain sea

I don't wanna look in the mirror
And I don't wanna know what I mean
And every time I try to see clear the clouds unleash
And you're raining on my mind
Ohhhh
You're raining on my mind
Ohhhh
I'm not saying it's goodbye
Ohhhh
I just miss missing you sometimes

If the Lord is watching over me
I hope He knows how hard losing you would be
And I shoulda put a ring on it, shoulda listen to Beyoncé
Cuz I keep taking my time taking all yours away

I don't wanna look in the mirror
And I don't wanna know what I mean
And every time I try to see clear the clouds unleash
And you're raining on my mind
Ohhhh
You're raining on my mind
Ohhhh
I'm not saying it's goodbye, goodbye, oh I
I just miss missing you sometimes

And swear I still got faith
I just need a little space
Cuz you're raining on my mind
Ohhh
You're raining on my mind
Ohhhh
I'm not saying it's goodbye
Ohhhh
I just miss missing you sometimes
Ohhhh
I just miss missing you sometimes
Ohhhh
And I'm not saying it's goodbye, goodbye, oh I
I just miss missing you
