

Silence

Billy Lockett

I've been dreaming of the wrong things for a while
And I've been looking for a shortcut to your head
And I've been making up excuses for your silence
'Cause I can't read your eyes at night when we're in bed

So how long can I wait until you tell me something's wrong?
'Cause I've been overthinking why you want some time alone

If it's silence that you want
I'll give you what you need
Keeping secrets that you know ain't secret safe on me
If it's silence that you want
I'll give you what you need
We don't say enough to show each other what we mean, speak up

I've been living with the wrong side of your smile
And we've been sleeping on the cold side of the bed
I'm getting sick and tired of hearing the same answers
'Cause I can tell there's so much more you should've said

And now I'm overtaking on the inside of our love

If it's silence that you want
I'll give you what you need
Keeping secrets that you know ain't secret safe on me
If it's silence that you want
I'll give you what you need
We don't say enough to show each other what we mean

Are we falling outta love?
Are we falling outta love?
So if we're falling outta love
Yeah if we're falling outta love

If it's silence that you want
I'll give you what you need
Keeping secrets that you know ain't secret safe on me
If it's silence that you want
I'll give you what you need
We don't say enough to show each other what we mean
