Billy Marchiafava

Fuck an intro  
Let's get straight to it  
Moment of silence  
For all my haters going through it

Here's some money for your broke ass  
From the Midwest  
My money stretch  
All the way to Oakland  
I used to serve junkies on my moped  
Now I make more money than your old man  
I think I can  
Think I think I can  
Fuck your bitch in my old-school Benz

OK let's cut to the chase  
I don't got no time to waste  
Let the trumpets play  
I got no time for a bozo  
I'm busy making money like some old folks  
Yeah  
The bag gonna bounce back like a yo-yo  
No. You can't take a photo  
And I'm back in this bitch  
I said, "I'm back in this bitch."  
OK

Where the bag at?  
I heard they talking shit  
Let 'em have that  
Chandler in the house with a bad thing  
Treating that whip like a steed  
What a damn king

Partial to the bread  
Me and Billy having dinner with a dead prez  
I heard you still talking shit with your goofy ass  
I'll have my girl beat your ass in some checkered vans

Motherfucker, don't temp me  
Motherfucker, don't do it  
I'll stomp you out like the "Pixar" lamp  
Better cut our check  
We got a vendetta  
Two names on the marquee  
Couple trend-setters

OK let's cut to the chase  
I don't got no time to waste  
Let the trumpets play  
Let 'em play  
Billy  
Billy, let them motherfuckers go

I got no time for a bozo  
No time  
I'm busy making money like some old folks

Yeah  
The bag gonna bounce back like a yo-yo  
No. You can't take a photo  
And I'm back in this bitch  
I said, "I'm back in this bitch."  
OK

All right  
OK  
All right  
OK  
All right  
OK. OK. OK. Oh  
Let me talk to 'em

This might be my biggest confession  
When it comes to bread  
I might have an obsession  
Off the Kusher like Ashton  
High like Aladdin  
Dumb motherfucker  
I ain't average  
Damn

There goes the horns again  
I'm bringing sexy back  
No Timberland  
I got that gas pack  
Smack you in the face like Chris Rock  
I fuck your bitch in my motherfucking tube socks

It's Billy motherfucker  
I'm a force to be reckoned with  
I might sell my whole catalog for the hell of it  
I might sell my whole catalog for the Benjamins  
I might sell my whole catalog and get rich as shit
