

MAKE A MOVE

Billy Marchiafava

Light ice in my cup
Son, I'm cold enough
Got a V and an A
That I'm holding up
The whole damn clique
Really nice as fuck
100k Chan
Naw the price is up
Couple Outcasts
Big boy bumping André
On and on and on
I'm on a journey
You a goofy
Send ya back to Disney
I'm a Bob and weaver
No Sigourney
Yeah!
We're back in the building
Give em a filling
I make a killing
How am I feeling?
Pretty good
Charlie sheen
I'm just winning
And this is just the beginning
Who the hell are you?
Where the hell you tryna go?
What the hell you tryna do?

Make a move
We do all we can do
Play that shit like its new
Treat that boy like he through
Make a move
We do all we can do
Play that shit like its new
Treat that boy like he through

Run it back
Billy back in this bitch
Let's get it active
Chandler
Pass the track
I had to crash it
Made 30k off a crypto scam
Y'all still eating green eggs and ham
Young Dr. Seuss
I got wock in my pocket
Billy hit the stage
Then I rage
Make profit
Y'all still rap like it's 2016
Born in Chicago
Can't leave
Hit my dance, do my thing
Like a young JT
Hit the mugshot looking like an old JT

I was in the lab
Cooking chemistry
Sipping Arizona iced tea
It's me
Damn straight got bars like a convict
Free my dog out that cell
No Verizon
The Whole team up, real up
Like horizon
Fuck with the gang send shot like Pfizer

Make a move
We do all we can do
Play that shit like its new
Treat that boy like he through
Make a move
We do all we can do
Play that shit like its new
Treat that boy like he through
