Billy Marchiafava

Pump up the volume  
Find a better song, you can try to  
But this right here that new new  
I got girls showin' up to the hotel room  
We makin' movies, don't talk about nothin', 'less I do it  
Animal house, John Belushi  
Now I do this, and this ain't that  
And if you don't like this shit, you can kiss my ass, hey

Dope in the sock, big blunt on the lip  
Young boy Dang, switchblade on a bitch  
Crack to the rock, big pook with the shit  
Hit it one time, lights out on a bitch  
Baw with the baw, six walk with the kid  
Tombstone pimp, grave walk with the jit  
O in the zone, fat dick on her lip  
Pretty ass blade, Dang cut on a bitch  
Dope motherfucker, I'm a pimp  
Came through with the ice-cold drip  
Cold motherfucker in a gimp  
Baby O with the latex, bitch  
Big whip, big chain on a ass  
Bad bitch came through with the gas  
No love, just sex, and we smash  
Baby O, I'm 'finna hit it from the back

Picture this, your mom's not home, 'cause she with me  
Old friends comin' back, and they act like they miss me  
But they really want a piece of the pie, no kidding  
Snakes I can see with my eyes, they all hissing  
B-I-L-L-Y and L-I-L B-O-O-D-N-G  
I heard your bitch needs some TLC  
Made all this guap with no degree

Hit it from the left, hit it from the right  
Hit it from the back, beat it up all night  
Get it from the mud, get it out the pipe  
Flow to the soul, Dang ash on the Nikes  
Put it on the stone, put it through the light  
Jiggy motherfucker, Dang move through the night  
Do it for the soul, do it for the life  
Do it to the end, 'till the sand turn white

One of my goals, need a house full of hoes  
Come here, baby, I need my dough  
Skrt, skrt, skrt  
Pipe, then I go  
If I keep on spending, I might go broke, whoa  
Flexing's overrated  
I'm still depressed, don't get it complicated  
Let's P-A-R-T-Y all night  
Let's dance the pain away  
Girl, that's right  
Drop top, beamer go fast, bitch  
With a ice cream paint job, that's fantastic  
Now I got an actress all-all on my mattress  
The fact is, Billy drop nothing but classics, yeah

I need to take a break  
The flashing lights are warm on my face  
I did it my own way, yeah  
I did it my own way
