

## test yo luck

Billy Marchiafava

Don't test your luck today  
It will not go your way  
You make me cry each time you lie  
There's not one thought behind your eyes  
Don't test your luck today

I was makin' money in the back of the class  
Teachers on my ass, sayin' "Billy, you bad"  
I was really pipin' in the back  
I was really pipin' like Peter with the pack (Billy)  
I got everybody screaming, "Billy is back"  
Holy guacamole, gettin' brain' in the 'llac  
Holy guacamole, chase the gosh darn sack  
Holy guacamole, I won't fumble the bag  
I'm like, damn  
I'm an outcast, y'all knew that  
Try to fit in, but now I'm rich, Billy did that  
Mentally unstable, down with the sickness  
You get this  
All of this money will never fix this  
Back on that rap shit  
Just paid my taxes  
I'm in another bracket  
Homeboy, this a classic, okay

Don't test your luck today  
It will not go your way  
You make me cry each time you lie  
There's not one thought behind your eyes (Wait, is it my turn?)  
Don't test your luck today (Aye, bitch, I'm Sadfriendd)

Uh, and this bitch did some Penicillin  
Missed an essay [?] bitch I'm dancin' up on the ceiling  
Smokin' pack, so I'm high motherfucker, I got no feelings  
I really don't got no feelings, so honestly, fuck your feelings (Wait)  
Got a bitch in the back, and she tryna throw it back  
Get the cheese like a rat  
Bitch, I'm tryna make a stack (Wait)  
Make it move, make it shake  
Lil' bitch, make it clap (Wait)  
Lil' shawty tryna drop it on my motherfuckin' lap (Wait)  
At the polite motherfuckers from the gang I will destroy  
Any boy that run up on me he think he got the poise  
I got [?], it's a tiny little Glock it's just a toy  
Red dot, posted up up on your head  
I will destroy any motherfucker who really think that he with the shit  
I'm a rappin' motherfucker, these bitches know I can spit  
In the- in the face of these bitches  
I don't fuck with rappers, 'cause they always look suspicious

Don't test your luck today  
It will not go your way
