

Everlasting Love

Billy Ocean

Darling, I can't wait
Forever, my love
If that's what it takes
To be together, my love
I'd search the whole world over
For someone just like you
But I won't find another
To thrill me like you do

Darling, I got an everlasting love deep in my heart
Gonna give it to you right here from the start
Cause you're my destiny (my destiny)
You're my reality (my reality)
I've got an everlasting...

Love was just a game
A pleasure to me
Now my life has changed
A treasure you see
But you're my every woman
You're my magic of the night
I'll give you my devotion
Cause now I feel the time is right

Darling, I got an everlasting love deep in my heart
Gonna give it to you right here from the start
Cause you're my destiny (my destiny)
You're my reality (my reality)
I've got an everlasting love

Got an everlasting love deep in my heart
Gonna give it to you right here from the start
Cause you're my destiny (my destiny)
You're my reality (my reality)
I've got an everlasting love

Everlasting love
Yeah you're my everlasting love
And now you're all I'm thinking of
Cause I have searched the world for love
And now I thank the stars above
That you're my everlasting love

Darling, I got an everlasting love deep in my heart
Gonna give it to you right here from the start
Cause you're my destiny (my destiny)
You're my reality (my reality)
I've got an everlasting love

Got an everlasting love deep in my heart
Gonna give it to you right here from the start
Cause you're my destiny (my destiny)
You're my reality (my reality)
I've got an everlasting love
